

Round and Round

Guitar sequence: A E B D or Capo 2: G, D, A, C

by Mae Klingler from Kids' Club Creative: CrossroadsKidsClub.net

He put the hop, hop, hop in the kangaroo.

The toot, toot, toot in the tuba too.

God made the world. He made the whole wide world.

He put the boom, boom, boom in the thunder storm.

Picked the day, that I was born.

God made the world. He made the whole wide world.

And it spins, round and round and round and round.

The sun goes up. The sun goes down.

Flower grow, low and high, and high and low.

Rivers flow, cos God made it so-oo. Oh, oh oh....

He put the buzz, buzz, buzz in the bumble bee.

He put the 1 and the 2 right before the 3.

God made the world. He made the whole wide world.

He put the boom, boom, boom in the thunder storm.

Picked the day, that I was born.

God made the world. He made the whole wide world.

And it spins, round and round and round and round.

The sun goes up. The sun goes down.

Flower grow, low and high, and high and low

Rivers flow, cos God made it so-oo. Oh, oh oh....

He put the hop, hop, hop in the kangaroo.
The toot, toot, toot in the tuba too.
God made the world.

He made the whole wide world.
He put the boom, boom, boom in the
thunder storm.
Picked the day, that I was born.
God made the world.

He made the whole wide world.

And it spins, round and round
and round and round.

The sun goes up.

The sun goes down.

Flower grow, low and high,
and high and low.

Rivers flow, cos God made it so-oo.

Oh, oh oh....

He put the buzz, buzz, buzz
in the bumble bee.

He put the 1 and the 2 right before the 3.
God made the world.

He made the whole wide world.
He put the boom, boom, boom
in the thunder storm.

Picked the day, that I was born.
God made the world.

He made the whole wide world.
